Reference

PLASTIC RECYCLING EXPORT S.R.L is a leading Recycling Company in Romania, who produce regranulates pellets(LLDPE, LDPE and HDPE) from waste material directly from the generator. By challenging technologies and concepts we are always looking to improve the quality of the products to satisfy our partners needs..

With Silk Road Certification Sp. z o. o. based in Gliwice, we cooperated in the following areas: EuCertPlast certification.

Our requirements were fully met by professional service. Contact with the company was transparent, we were able to constantly monitor the execution of the order.

We consider cooperation with Silk Road Certification as professional, reliable and solid.

These references are intended to instruct and recommend Silk Road Certification as a trustworthy contractor, fulfilling its obligations with full professionalism and within the prescribed period.

Kind regards,

Xu YongQiang

Owner of PLASTIC RECYCLING EXPORT S.R.L
